PINGRY TOPPLES TO RUTGERS PREP NINE IN SEASON OPENER

Jablonsky Leads Prepsters In Win Over
Elizabeth Team; Large Score Due To
Poor Ball Play

On April 22, the Red and White, playing the first scheduled game, defeated the Pingry School of Elizabeth by the score of 19-1. Prep played flawless ball throughout the game, while Pingry made numerous misplays.

"Loose" Jablonsky made his debut as a regular varsity pitcher for the Prepsters. Morgan of Pingry opened the first inning by flying out to Jablonsky. In the meantime Moister had reached third by virtue of two stolen bases, but Black ended the inning by flying out to Strapp. One hit—no runs. In Prep's half of the inning Braido secured a hit; Pennington, next in line, sacrificed him to second; Grossman, third up, walked; then Jablonsky flew out to left field, Braido taking third after the catch; Klauer went out pitcher to first to end the inning. One hit, no runs.

Lins Walks

Pingry went out in one, two, three order in the second inning. Lowden was out, Grossman to Raab; Winans struck out; and Jack Simpson was out, Jablonsky to Raab. No hits, no runs. Lins, first up, walked; Keating struck out; Raab was safe on an error by Black; Strapp was out on an unassisted play by J. Simpson; Braido was safe on an error by Black; Pennington walked, scoring Lins; Grossman doubled to right field, scoring Raab, Braido, and Pennington; Jablonsky singled scoring Grossman; Klauer was out, Keep to Simpson. Two hits, five runs, two errors.

Hill of Pingry opened the third inning by striking out; Keep fled to Braido; Morgan was out, Grossman to Raab. No hits, no runs. In the last half of the third, Lins was out, Morgan to Simpson; Keating struck out; then Raab walked, but was out stealing second.

Strapp Scores

Loose struck out Moister to open the fourth inning; then Black received a free ticket; Cody struck out, while Black stole second; Lowden also struck out. No hits, no runs. In Prep's half of the fourth a literal barrage of runs crossed the plate. Strapp walked; then Braido hit safely advancing Strapp to third; Pennington was out on a fielder's choice, holding Strapp on third, but advancing Braido to second; Grossman hit safely, scoring Strapp and putting Braido on third; Jablonsky walked; Klauer was safe on an error by Moister.

SMOKING DISCUSSED IN STUDENT MEETING HELD BY TRAP MEN

Opinions on Use of Cigarettes in Dormitories
Expressed by Linders, Brost and Others
In Open Student Forum

It seems that several fellows who live at the trap have broken one of the school's oldest rules. This rule which prohibits the smoking of cigarettes in any of the houses on the school grounds was made in former years by the students themselves.

On Thursday, April 14th, in the basement of the Delta House, the trap students held a meeting and discussed the matter. President Jorgensen took charge and asked for suggestions.

Bob Linders, captain of the track team, was the first to speak. On the basis of experience with trackmen, he explained that the infraction of the smoking rule would be likely to cause a general breaking-down of other rules. The complete destruction of the spirit of cooperation, noticeable this year, might result. Just as in a relay team if one member smokes, the efforts of the others are liable to be in vain, so in the Trap if one man disobeys an important rule the entire morale of the students is broken down.

Head Speaks

Head added that if students expect favor from the faculty, they should endeavor to co-operate with the faculty. He referred to the forthcoming change in time, which forces many students who go home on weekends to return on a six o'clock train instead of the seven o'clock train that runs on the winter schedule. Last year the students were allowed to return at eight-thirty o'clock. If they desired this privilege to be renewed, they should show a spirit of co-operation and respect for rules.

Brost, also a track man and an athlete of no little ability, made a good suggestion to the smokers. He claimed that every smoker should promise not to smoke in his room; if the promise should be sincere, we should probably be rewarded at some future time.

Jorgensen made a motion that every smoker caught smoking in his room be penalized 10 marks by the house president, but this was disapproved by one or two boys. The meeting adjourned with no definite action taken but with plenty of food for thought for those who attended it.

ERRATUM

In issue No. 12 of the Argo it was stated that Charles Stengel was captain of the Newark Academy golf team last year. It was likewise stated that Charles Whitehead has been elected captain of this year's Prep team. Both these statements were errors, and the Argo apologizes for them.

TRACK TEAM PLACES SECOND IN MEET AT LAWRENCEVILLE

Argo Changes Old Policy
And Accepts Literary Skill

The Argo announces that from the present time literary contributions of Prep students will be gratefully received, and, if of sufficient merit, published with the author's name duly affixed. Any story, play, poem, or the like will be suitable.

As there is no literary publication in Rutgers Prep, the Argo has thought it wise to take this step to encourage embryo writers in the school. It is hoped that there will be a liberal response to this new policy.

PREP GOLFERS LOSE TO LAWRENCEVILLE

Whitehead Stars as Rutgers Links Quartet
Is Overwhelmed By Accurate Shooting

The Rutgers Prep Golf team underwent a severe defeat at the hands of a strong Lawrenceville squad on Wednesday, April 20 at Lawrenceville. The first match of the season ended with a score of 10½ to 1½ in the opponent's favor. Charles Whitehead was the only Prep man to score. Whitehead made an excellent showing considering that his opponent, Vreeland, Lawrenceville captain, has been for two years the junior amateur champion of New Jersey. Charles Forney and Carroll Lear also played very well although they failed to register any points. Carl Stengel, recruited from the track team, proved to be a fine golfer although he was beaten. Whitehead had low score for the team, shooting a 75. Forney followed with 79. Lear and Stengel shot 88 and 89 respectively. Captain Forney said "Considering the difficult Lawrenceville course I think the team, although we failed to win, made a good showing for a first game."

Manager Robert Howard accompanied the team.

The lineup was as follows:

1. Whitehead 75, Vreeland 75.
2. Sorney 79, Eshelman 76.
3. Lear 88, Van Nostrand 71.
4. Stengel 92, Marvin 86.

The next game of the season will be played tomorrow afternoon against Hun School of Princeton at the New Brunswick Country Club. As the Hun team is one of the best in the state, the match should prove very interesting to spectators.

Linders Captures Three First Places in Runs.
Hosts Take First Position to Crowd
Rutgers Into Next Spot

PENN RELAYS TOMORROW

Stengel and O'Donnell Take Seconds in
Practice Despite Close Competition

The Rutgers Prep track team opened its season by capturing second place at the informal practice meet held on Friday, April 22 at Lawrenceville. The schools entered in the meet were: Rutgers Prep, Pennington, Lawrenceville, Princeton Prep, and Trenton High School.

The outstanding performer of the meet was Captain Robert Linders who captured three first places, thereby scoring a total of 15 points. Linders won the 100 and 220 yard dash, the latter by a margin of over ten yards. He also captured first place in the discus throw by a toss of 114 ft. 2.5 in.

Tom O'Donnell captured second place in the 880 yard run. The race was won by Spencer of Lawrenceville in the time of 2:06. O'Donnell was a split second behind him.

Stengel Takes Second

Charles Stengel also captured a second place in the 440 yard dash. This race was won in heats against time. Stengel would have had a better chance if there had been a final heat as he was not pressed in winning his heat. Jack Hart won a third place in the javelin throw with a hurl of 144 feet. Eddie Smith also won a third place in the shot put with a toss of 41 feet.

Bernan, Kott and Brost ran well in the dashes as did Pendleton in the mile run. Mathis, a new member of the team, did exceptionally well in the high jump. This is Mathis' first year at high jumping and, although he failed to place in the first meet, he gives promise of doing well before the end of the season.

Penn Relays

The next meet of the season will be the Penn Relays which are to be held at Franklin Field, in Philadelphia. A mile relay team consisting of Linders, Stengel, O'Donnell, and a fourth member will be entered. Several additional meets will also be held.

A summary of the Lawrenceville meet:

120 Yard Hurdles

1. Erwin, Lawrenceville; 2. Larvelere, Lawrenceville; 3. Frank, Lawrenceville; Time, 16.4 seconds.

100 Yard Dash

1. Linders, Rutgers Prep; 2. Titus, Trenton High; 3. Phillipe, Trenton High; Time, 10.3 seconds.

CANDLE LIGHT

We believe it is good for a boy to engage in some school activities aside from his lessons. The school offers many forms, such as athletics, publications, a glee club, a number of managerships or dramatics. There are boys enough in school to carry these on successfully without interfering with their studies, if all will participate. We want as many boys as possible to have the benefits of self development along the line of their natural interests. For that reason, every teacher besides teaching, gives time to directing these activities. It is well for parents to take this matter up with their boys.

We find that a boy who takes hold, gains in initiative and responsibility—two qualities greatly needed in our modern life. On the other hand, one who fails to finish what he begins, or who fails to meet his engagements or assignments from time to time is weakening these fine qualities. This phase of education is one in which each parent will do well to interest himself and to watch his boy's performance.

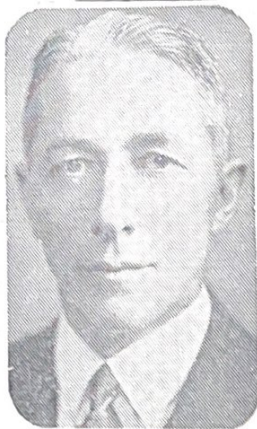

Every college and many employers now ask searching questions of the schools about a boy's personality. His career in classes alone does not furnish a sufficient basis for reply. We have to take into account the impression made by his life outside of classes, especially since what he does of his own initiative is often the best index of his real self.

It is not enough, however, for a boy merely to enter upon an activity; he must finish it creditably as well. There is too much quitting when the glamour fades and the drudgery appears. Let every boy find a place for himself in some one or more school activities, and stick with his choice to completion. Let him feel it all the more necessary to do his best, because he chose it himself.

Rutgers President Tells of Relations Between Prep School and College

Robert C. Clothier Stresses Extreme Value
Of Hard Work and Importance of
Extra-Curricular Activity

By Robert G. Howard

ROBERT C. CLOTHIER

Dr. Robert C. Clothier, President of Rutgers University, was recently interviewed by an Argo reporter on the subject of the Freshman year in college in relation to the prep school graduate. Dr. Clothier was for six years assistant headmaster of the Haverford school at Haverford, Pa.

Dr. Clothier stated that the average prep school education is superior to that of the average high school, but that success depends entirely upon the boy's attitude. If a boy is serious and hard working he is reasonably sure of a good record.

"It is not necessary to be an honor student in prep school to succeed in college," said Dr. Clothier, "but if a boy is accustomed to receiving good grades, he will find it easy to maintain his record." He emphasized the fact that boys who are not honor students will find college not too difficult if they apply themselves.

Dr. Clothier also stressed the value of athletics. He stated that participation in sports develops a boy both mentally and physically. He is particularly interested in intra-mural athletics, which he believes are of great benefit to students. He remarked that a boy need not be a good athlete to enjoy sports, but that good athletes should join the teams.

The President also believes that other extra-curricular activities are beneficial to a boy in preparation for later life. He stressed especially the value of experience gained on school papers and annuals. "I worked on my school paper in my prep school days and I believe the experience I gained has been of great value to me," he said.

When asked whether he preferred an athletic boy or a good student, Dr. Clothier replied, "I do not look especially for perfection in either type of boy. I prefer an all-round boy, a good fellow and a conscientious worker." He agrees with all other college men that a prep school graduate should forget his previous record when he enters college; that the boy must remember that in spite of his prep school record he is on a level with all other Freshmen and his reputation depends on his actions in college.

Dr. Clothier stated that he is glad of the affiliation of Rutgers Prep with Rutgers University, and that in all his contacts with Headmaster Kelly and with the school he has been well pleased.

Cribbed From Contemporaries

He: "That's my melon girl."

Next: "How come?"

First: "Why, every time that I ask to kiss her she says, 'Honey, do'."

—Beanpot.

"That fellow has a large family tree."

"And it's the kind that gets shadier as it grows older."

—Voo-Doo.

"Is your roommate broadminded?"

"Say, that's all he thinks of."

—Bison.

They call her tonsils because the boys only took her out once.

—Iowa Frivol.

Gamma: "They say that Sargent is a pauper now."

Phi: "Oh, dear, to think that one so young and cute should have a child!"

—Orange Peel.

"I hear that Connie is awfully economical with her kisses."

"Yes, she makes one last a long time."

—Cynic.

Mother: "Edwina, did you neck with that fellow last night?"

Edwina: "Do you think that he came from Yonkers to hear me sing?"

—Medley.

Clerk: "See, that hat fits perfectly. How does it feel?"

Student: "Fine, unless my ears get tired."

—Beanpot.

"The man I marry," said the co-ed proudly, "must be a hero."

"He will be," remarked the cadet.

—Skipper.

Chi Psi: "My brother doesn't drink, smoke or swear."

D. G.: "Does he make his own dresses, too?"

—Do Do.

RANDOM NOTES

Mrs. Cook, we are pleased to report, is rapidly convalescing from her recent serious illness, and has returned from the hospital to her home in Hancock, Mass. Mr. Cook is spending the weekend there with her.

Mr. Hartman, who spent last weekend sightseeing in the maelstrom that is New York, reports interesting additions to the Louis XIV salon in the Metropolitan.

Proctor after the receipt last week of a green letter, has been distressingly despondent. Green, it is said, is jealousy's color; and we wonder if Dolores knew that, and if Proctor's apathy is related in cause or effect to Dolores's jealousy. At any rate, something is wrong.

"High school boys here are planning a style show—of men, by men, and for men. Among the smart creations to be modeled, the Hamilton High School Weekly Review declares, are beach pajamas swimming suits, camels' hair topcoats, and derbies." — Hamilton, Ohio (American Boy Service). What with the ducky styles now being sported at Rutgers Prep, there is an idea for a repetition of the highly successful stunt night of last Fall. We suggest Whalen as chairman.

From reliable sources the Argo is informed that Jo-Jo Joseph has demonstrated an interest of late in things aeronautical, and especially in the Baby Blimp creation.

Walter Craig's two-day absence from school recently was due, it is said, to a more or less serious and certainly a mysterious "knockout." At any rate, we like that haircut.

Spring's advent is more welcome than usual this year according to some occupants of the study hall whose seats are disadvantageously exposed to the mercy of certain fresh air enthusiasts.

There is some discussion as to the identity of the blonde, said by critical observers to shine—for the most part at night—in Hartshorne's eyes. He was definitely seen at Church recently, so there may be some basis for the discussion. Shive is reported to be in somewhat the same condition.

Midget baseball has more than one advantage, according to a clever Freshman who has developed the art of inveigling Mr. Hartman into a discussion of its merits during the first five minutes of Algebra I.

A welcome visitor at the Trap last weekend was Passanante, who was with us last year. Tony continues to advocate the philosophic view in encountering life's problems.

Mr. and Mrs. Brown entertained at their guest over last weekend Mr. Lewis Buckley, of New York.

SWIMMING EXHIBITION HELD IN NEW POOL

Celebration Marks Opening of Rutgers Tank; Famous Star Fails To Make Appearance

On April 13 an exhibition swimming meet was held at the new Rutgers Gym to celebrate the inauguration of the new Ballantine Swimming Pool. The new pool has six lanes with underwater lights all along the side. It has two diving boards at pool level and one ten foot diving board. George Kojac, billed as one of the star performers, failed to appear due to an exam in his pre-med course at Columbia. Helen Meany, women's Olympic 10-foot diving title-bearer, Eleanor Holm, women's backstroke champion, and Janice Lifson, young protege of Coach Jim Reilly, were among other absentees.

Varsity and Alumni Compete

There was a meet between the alumni and the varsity. The varsity won the score of 37-32, the meet being decided by the 400 yard relay. There was exhibition diving by Miss Cornelia Gillison, who executed many difficult dives. Then spectators were entertained by a medley relay race in an attempt to break the world's record. The world famous Spence brothers competed against a team composed of Art Rule, George Fissler and Darnell Calihan. The Spences won the race, but failed to break the record. The times for the Spences were as follows: Leonard Spence, breaststroke, 1:06; Wallace Spence, breaststroke, 1:05 1/5; and Walter Spence, free style, 51 4/5.

Comedy Act Presented

In order to break up the monotony of serious swimming, there was a comedy act put on by George Cronin, former Rutgers three-letter man, and Bill Marquette of Chicago. George took the name of Willie Tigertail of Tasmania, eight years old, who was to be taught how to swim and dive by Professor Marquette. Their little act was pleasing and was well appreciated by the audience. Next there was some spectacular diving by Dave Russell and Herman Ringler, National A.A.U. finalists. Ringler completed successfully a triple full front somersault and a back one and a half with one and a half twist, two of the world's most difficult dives. Russell successfully completed back one and a half with a spotter.

Midgets Start Practice

The first practice of the Midget Baseball team was held April 18. It was carried off well by Laurie Runyon, the star left fielder, and John Flaherty, first baseman.

Reilly was advised to keep his hands closed while catching, for he may possibly suffer a broken finger.

Craig, crack third baseman, did not report at first practice, but was there the next day. Snitzler, Gleason and a few others were slightly inactive, but Gleason showed great improvement the second day. They acted as if they had a touch of "Spring Fever." Whitlock, lanky right fielder was in god shape, and "Chick" Tasker former football star of last season, showed up well.

TENNIS COMPETITION WON BY PAUL WEHR

Schuh Loses Semi-Final to Former Netman At Mercersburg; Nobel, Allen Meet

Early this week the promised tennis tournament to select those members who are to compose this year's representatives of the Prep school on the courts finally got under way, after a rather long delay due to the weather.

In the first round Nebel was opposed by Watson, Mathis by Petit, Beguiristain by Neville, and Warren by Whitaker. The outcome was favorable to Nebel, Mathis, Beguiristain and Warren, who as a result of their victories were pitted against Wehr, Allen, Schuh and Schneider respectively.

The result of the second round resulted in victories for Wehr, Allen Schuh and Schneider. The third round Wehr vs. Allen and Schuh vs. Schneider resulted in victories for Wehr and Schuh.

Schuh Plays Wehr

In the finals Schuh and Wehr, former Mercersburg star, were pitted against each other, and though the score does not show the struggle that ensued, the match was one of the finest exhibitions of tennis that has been played at Prep in some time. The final result was a victory for Wehr; the set scores being 4-6, 6-3, 6-1, 9-7. As a result of this victory Wehr will play first singles, Schuh will play second singles, and Schneider will fill the third singles position. For the fourth position on the team, the winner of a match between Nebel and Allen, will be the deciding factor.

To round out the doubles section of the team Wehr and Schuh will be partners, as will Schneider and the fourth man.

The members of the team as it now stands may be challenged at any time by any member of the school and if beaten will be replaced by the winner. This will undoubtedly keep those members already on the team up to their very best, and, it is hoped, inspire some of the other students to work up some opposition.

BETA HOUSE

(Continued from last issue)

"Doc" Cook has his room next to Bonham. "Doc" is our faculty member and chief adviser to Beta. Without him, Beta wouldn't be Beta at all. All through the year, as well as many others before, "Doc" has been giving to this world the teachings of Math. Then when Mrs. Cook comes, it seems as though something bright and illuminating has been placed in our midst. We always enjoy her visits.

Two More Scientists

Along the hall we come to Carl Schuh and Noble Warren. Both of these boys have been deeply interested in the same experiment as Mr. Whitaker, only they work for themselves. Some day soon, if the roof is not blown from Beta, we might be congratulating these two geniuses for these astounding discoveries.

The last man, but by no means the least, is Ray Rosenberg, known as "The Shriek of Beta." Ray has been busy this season ruining the young ladies of New Brunswick, but, at times he is often up in Dick's room talking over the deeper things in life.

Carl Schuh is president of Beta, Bonham Head is vice-president, and as before mentioned "Si" Tremain is our house representative. Thus far we have had a splendid year with the bright spots, dark spots, and every thing which makes life a natural and beautiful thing. Beta to its members will perhaps be one of the happiest memories, and one that will always bring a lump to the throat, perhaps even a tear to the eye, and especially to those who have made the friendships—those can never be forgotten.

ber of the school and if beaten will be replaced by the winner. This will undoubtedly keep those members already on the team up to their very best, and, it is hoped, inspire some of the other students to work up some opposition.

LETTER OF THANKS RECEIVED BY SCHOOL FOR ROCKNE GIFT

Contributions in Memory of Knute Rockne, Famous Coach, to be Used in Erection Of University Field House

Shortly after the death of Knute Rockne last summer, collections were made among the schools of the United States for a fund to pay for the erection of a Memorial monument at South Bend, Indiana, in recognition of his outstanding ability as a coach. A letter was received by the office on April 11, 1932, from the University of Notre Dame in acknowledgment of our generous contributions.

The letter follows:

"In the name of the University of Notre Dame, and more particularly of the Rockne Memorial Association, Inc., I wish to thank you for the contribution which you have made to the Rockne Memorial Field House. In view of the condition of the times, the national response to this appeal has been exceedingly gratifying. It is true we have fallen short of the quota set, but the number of contributions made from practically every section of the United States confirms our conviction that the admirers of Mr. Rockne are legion and that those of them who can, even at the cost of actual sacrifice to themselves, are willing to attest their faith in him and the ideals for which he stood, by a contribution to this fund. Accordingly, our gratitude is the more profound and our appreciation the more sincere for the assistance which you have given in support of this project."

PINGRY TOPPLES TO RUTGERS PREP NINE IN SEASON OPENER

(Continued from Page One)

Braido scoring and Grossman going to third; Lins got a safe hit, scoring Grossman and Jablonsky; Keating also got a safe hit; Raab was safe on an error by Moister, scoring Klauer; Strapp walked again, scoring Lins; Braido again got a single, scoring Keating; Pennington walked, scoring Raab; Grossman again got a single, scoring Strapp; Jablonsky singled, scoring Braido and Pennington; Klauer was hit by the pitcher; Lins walked, scoring Grossman; Keating was out on an infield fly to Moister; Raab was hit by the pitcher, scoring Jablonsky; Lahiere, batting for Strapp, walked; and Fertig batting for Braido struck out, ending the inning. Six hits, fourteen runs, two errors.

Pingry again went out in one, two, three order in their half of the fifth. Winans fled to Keating; Simpson fled to Klauer; and Hill struck out. No hits, no runs. With Kellogg pitching for Pingry, Grossman fouled out to the catcher, Pennington singled, Jablonsky sacrificed him to second, but Klauer was out, Winans to Simpson.

To open the sixth, Haviland, batting for Kellogg, struck out, Morgan struck out, Moister walked, but was out at third on attempted steal. Lins was out Hill to Simpson; Keating was out, Black to Simpson; and Raab was out, Moister to Simpson.

In the visitor's half of the seventh, Black fled out to Grossman; Cody singled and stole second; Tucker, batting for Lowden, tripled to deep right field, scoring Cody; W. Simpson, batting for Winans, fled to Klauer. Jack Simpson was out. Pennington to Raab.

The game ended in favor of the Prepsters, 19-1. "Loose" Jablonsky pitched wonderful ball, yielding only one hit in six frames; Roy Lins, who relieved "Loose" in the seventh, pitched good ball, giving only two hits in one inning.

The Maroon and White next encounter Kingsley School of Essex Fells, New Jersey. Kingsley is rated as one of the strongest contenders in Northern New Jersey for the baseball championship. Although they are strong, Prep has a very good chance to beat them. The game will be played next Saturday, April 30, at Buccleuch Park.
