## NETSTERS WIN FIVE OUT OF EIGHT STARTS

Peddie, Lawrenceville and Rutgers Frosh  
Overcome Tennis Team

The Prep tennis team has completed a  
season of five wins and three losses. Paul  
Wehr, No. 1 man, won seven out of his  
eight matches, while Carl Schuh, captain,  
managed to take five matches for his team.  
Wins were scored over Princeton Prep,  
Hun School, Pingry School, Somerville  
High School and Montclair Academy.

Starting off the season by playing the  
Hun School from Princeton, Prep im-  
mediately displayed fine form by taking over  
the aggregation from that school, 6 matches  
to 3. Schuh, Wehr, Schneider and Nebel  
won their single matches. Schuh and  
Schneider, as well as Wehr and Nebel, took  
the doubles matches.

### Princeton Prep and Pingry Taken Over

Prep then continued this winning streak  
by winning from Princeton Prep and Pin-  
gry School. Peddie defeated the team by  
the close score of 4 to 3. Upon the heels  
of this loss Prep met and overcame the  
delegation from Somerville High School 4  
to 1. Again, Prep suffered defeat at the

## SENIORS TO GRADUATE TODAY; 166TH ANNUAL COMMENCEMENT

### Harry Hale Smith's Poem Reprinted for the Argo

Every copy of this issue of *The Argo*  
contains an insert bearing the poem,  
"There Are Ghosts In The Old School,"  
composed by Harry Hale Smith in  
1929. The poem and the illustration  
which accompanies it were both so de-  
lightful that this paper believed the stu-  
dent body would like copies. It has  
been printed on heavy coated paper  
which makes it suitable for framing.

the under classes, the faculty and the speak-

will rise.

## THE LAST MILE

We have reached the time of the year which tends to brighten and dampen our spirits at the same instant. Graduation means more than the advancement from secondary school to college; it means the loss of friendship. Too brief is the time spent in prep school among our familiars, and it is a hard blow to realize that after today we are climbing different paths; paths which may never again cross.

The memories of the pleasant hours is the only recompense for this heart ache. To think back upon the joys and tribulations of former days is an extreme delight. But, to meet again and exchange views is far greater than any recollection.

The Argo pleads for a stronger alumni association. We fear that not enough emphasis has been placed upon this subject. There is absolutely no conceivable reason why Rutgers Prep, after 166 years of existence, should not have one of the strongest alumni groups in the country.

The seniors who will today say their last farewells should undertake to form among themselves an association; perhaps one which will meet regularly every year. If it is impossible to so reorganize the whole graduate group in this manner, at least here in 1932 we shall have the cornerstone of a memorial building; a building that may live only in our hearts.

## Modern Floating University Will Make Summer Cruise

World Tour To Be Continued This Year By  
Educationalists; Forty-three Countries  
Will Be Visited

Plans for a 31,000 mile trip around the world by more than 600 American college students to sail from New York in October and return in May, and to be joined enroute by students from England, Germany, Norway and Italy, are being made by a group of nationally known leaders and by men and women prominent in the social, educational and business life of this and other States, it was learned today.

Senators Arthur Capper, of Kansas, and Royal S. Copeland of New York; Secretary of Labor William N. Doak, Mrs. Ruth Bryan Owen, Mrs. Carrie Chapman Catt, Henry J. Allen, former Governor and Senator from Kansas, and Mrs. Allen, together with others well known here are included among the patrons of the movement which is designed to broaden the outlook of American university men and women and give them a first-hand knowledge of foreign peoples, places and conditions without loss of time in their regular college work.

A trans-Atlantic ocean liner, equipped with study halls, lecture rooms, science laboratories, auditorium, library, gymnasium, and swimming pool, and chartered for the exclusive use of the "American Floating University," will serve as home and campus for the students during the eight months or two college semesters spent on the whole tour. Forty-three countries, sixty-one ports

and 100 additional places of international importance will be visited and studied.

The University World Tour will be under the direction of a board of trustees of which Dr. Stanley P. Woodward of New York City, is chairman and which includes Charles K. Cooper, treasurer of the Santa Fe Railway, Dr. Charles F. Thwing, president emeritus of Western Reserve University, Dr. John L. Merrill, president of All America Cables, and Dr. James E. Lough, former dean and director of extra-mural activities at New York University. Headquarters have been established at 66 Fifth Avenue, New York City.

A faculty of fifty-five professors and instructors, most of whom will be on a sabbatical leave from American colleges, is now being assembled. By Dr. Lough, under the direction of the board. Classes corresponding to those in the usual college curriculum will be held regularly at sea, supplemented by field trips in the various countries visited.

The students will be selected for the tour on the basis of character and scholastic standing with a quota assigned to each State in proportion to the number of college students resident in the State. Because of the international aspect of the movement and the interest shown by foreign governments and university groups, a special effort will be made to have the student body represent the best in American college life it is said. Patrons and patronesses are now being chosen here and in other States to aid in making these selections.

## Cribbed From Contemporaries

"Prisoner, if you didn't steal the \$3,000, where did you get it?"  
"Yer honor, I saved it buying Listerine tooth paste."

"Where did I come from?" asked the rosebud.  
"The stalk brought you," answered the rose."

Son: "Do you think that I can make your daughter happy?"  
Father: "Well, she'll always have something to laugh at."

Poet: "I put my whole mind into this poem."  
Editor: "Yes I can see that it is blank verse."

"Is he drunk?"  
"No, he always likes to nap on the running board of his car at 3 a.m. with his tux on."

Guard: Do you realize you are facing the electric chair?  
Convict: I don't mind facing it. It's sitting in it that has me worried.

Stern Father: "What is your vocation?"  
Sutitor: "I'm an actor."  
Father (angrily): "Then get out before the foot lights."

He: "You have a hole in your stocking."  
She: "I'm not wearing stockings. That's my vaccination."

—Ramble.

"Who was the last man to box John L. Sullivan?"  
"The undertaker."

"This pen leaks," said the convict as the rain came through the roof.

Office Boy: "There's a salesman outside with a woman."  
The Boss: "Tell him I've got a woman."

—Targum.

He: "May I hold your Palm, Olive?"  
She: "Not on your Life, Buoy."  
He: "Then I'm out of Lux?"  
She: "Yes. Ivory formed."

Ketcham: Not very amusing, is he?  
Appleton: Amusing? He couldn't entertain a doubt.

## RANDOM NOTES

It can truly be said that the session 1931-32 has been one of the most successful in the history of Rutgers Prep. The Class of '32 will have reason to look back over its record both in scholarship and athletics with a great deal of pride.

\* \* \*

At this late hour the Delta House has a new resident, said to have been named "Slugga" after the Head of the Department of Classical Philology. We understand that she expects to major in history.

\* \* \*

Lownes had occasion to be among the "bounders" last week, along with his roommate, Charlie Stengel. It seems that "Abu" was attempting to chin himself on the ban in the third floor of Apha House, and admits that the depression is responsible.

\* \* \*

One of the most intriguing of the petty feuds around the campus is the rivalry between Jo-Jo and Whitaker over the hand of some damsel unknown. As they go out into life the Argo takes this opportunity of reminding them that a Platonic friendship is far more basic in the attainment of the summum bonum than is the fleeting regard of damsels.

\* \* \*

A recent census shows that the Trap has produced more "champs" this year than any other institution of its size. We boast seven.

\* \* \*

Moore and Arango are re-enacting the Spanish-American War thrice daily at Dr. McGinn's table.

An elusive cynicism has been noticeable of late in the demeanor of Heuer. During his recent absence, when he attended an embarkation on the seas of matrimony, someone was so thoughtless as to appropriate his clothes. Three days later "Toughy" returned, chically clad in tennis pants, and with his usually benign countenance suffused with the unmistakable evidence of preoccupation.

\* \* \*

What with examinations and the furor of Commencement in general, some of our better minds appear slightly unhinged. O'Connor has been observed going about aimlessly and mumbling something about bisecting. For the last time (this year) we wonder!

\* \* \*

One of the sights of the campus is Jake's "Blue Room."

\* \* \*

Richard Keating was selected secretary of the student Body last week to fill the unexpired term of John Klauer.

\* \* \*

Before leaving for home everyone should visit the office and inquire whether any arround. A short visit may result in the title that may have been lost has been restoration of some valuable.

'Till September, then? A happy Summer.

## BASEBALL SEASON WAS HIGH SUCCESS DUE TO MANY WINS

Prep Downs Princeton in Medinera Game;  
Hit by Jablonsky was Longest Ever Made  
On Princeton Diamond

On May 21, the Rutgers Prep baseball team travelled to Princeton where they defeated the highly touted Princeton Prep team by the score 15-2. Lins pitched a no-hit game for the Maroon and White. The Tiger cubs tried three pitchers but to no avail. Grossman, Jablonsky, Lins, and Klauer starred at bat and in the field. Rutgers Prep collected fifteen hits among which were doubles by Grossman, Keating, Lins, Fertig, Braid, and homers by Pennington and Jablonsky. Jablonsky's homer was the longest hit ever made on the Princeton field. The ball was not even found although a search of ten minutes was made.

On May 17 the Prep team took on the Rutgers Frosh at Neilson Field and trounced them to the tune of 7-0. Jablonsky pitched a one-hit game. It was a good ball game played under sultry weather conditions. Klauer, Lins, and Pennington starred at bat, while Jablonsky, Lins and Pennington starred in the field.

### Newark Walked Over

On May 14, the Maroon and White team travelled to Newark where they defeated Newark Academy in a thirteen inning game by the score of 9-6. This was a very exciting game and it had the rosters on their feet yelling almost every minute. Lins pitched for Rutgers and struck out 18 men, while Taylor, who pitched for the Newarkers struck out 19. There were numerous errors by both sides in the game. Lins, Pennington and Grossman starred at bat with three hits apiece. Moe got two doubles and a triple while Lins got a home run and two singles. Coehendet starred for the Newarkers with a double and a single out of six times at bat. Roy Lins pitched fine ball but due to faulty support was put in many holes that he had trouble in getting out.

### Shower Dampens Spirits

On May 11, the Maroon and White travelled to Plainfield where they engaged the Wardlaw School by the score of 7-0. Jablonsky pitched fine ball allowing only one hit and no runs. This game was fairly interesting, but was played during a shower which made it unpleasant for both the players and the spectators.

Due to the fact that exams came so early, it was necessary for Prep to cancel the Newark Academy game. Had this game been held, it would have been impossible for a number of seniors to have participated, for numerous reasons.

The high batting averages for the season stand as follows:

Player	A.B.	H.	R.	Av.
Grossman	33	17	19	.575
Lins	29	9	14	.483
Jablonsky	29	13	11	.423
Klauer	27	12	11	.407

## Track Men Crowned Class B State Champs

On Saturday, May 28, the Rutgers Prep track team won the New Jersey state championship for class B prep schools. This ended the most successful track season in the history of Rutgers Prep.

Led by Captain Robert Linders, the Rutgers team captured first place in every running event. Linders, who won the 100 and 220 yard dashes and the broad jump, was by far the outstanding star of the meet. In the 220 yard dash, running the most remarkable race of career, he set a new State high and prep school record of 217.7 seconds. His time for the hundred yard dash was 10.1 seconds. Both these races he won by several yards. Then his second trial, he won the running broad jump with a distance of 20 ft. 8 1/2 inches.

Following the example set by Linders, Charles Stengel defending his own title, captured first in the 440 yard dash. Then Tom O'Donnell, middle distance ace, captured first in the 880 yard run. O'Donnell set a new class B prep school record with the exceptionally good time of 2 minutes and 6 seconds. Miller placed third in the same event.

A particularly interesting performance was the mile run in which Rutgers Prep made a clean sweep. Pendleton was an easy victor with Charles Smith and Charles Wenz capturing second and third places respectively. The time was 5 minutes 4 seconds. Paul Wehr, a new addition to the team, made a fine showing by winning second place in the shot put with a toss of 42 feet. Wehr's throw broke the existing state record.

Rutgers Prep has made a brilliant showing in every meet this year. On April 22, the first meet was held at Lawrenceville. The star of this meet was Bob Linders who captured first place in the 100 and 220 yard dashes and the discus throw. Other outstanding performances at this time were those of Stengel and O'Donnell who captured second places in the 440 and 880 respectively. Out of six schools participating in this meet, Rutgers placed second.

## GOLF SEASON ENDS

The Prep golfers, facing a strong Fiddie squad in a match on Wednesday, was defeated 8-4. Whitehead, playing Guard won his match and gained 1 1/2 points. Captain Forney tied his match with Miller, Peddie captain, and won 1 1/2 points. Lear was unable to beat his opponent, Austin, and he lost 3 possible points. Jorgensen, in his first match of the season, lost to Beal.

The defeat of Newark Academy gave Prep the only victory of the season. The match played at the New Brunswick Country Club on May 20 was won by a score of 10-2. Whitehead defeated his opponent Heyer 5-3. Captain Forney, playing Mills won his match by 4-3. Lear trimmed Moyer 2-1, and Stengel formerly of Newark Academy, beat Anderson 4-3.

The last game of the season was lost to Rider College Freshmen of Trenton by a score of 4-2. The game, played on the Yardley Country Club links at Yardley, Pa., was a close one, but Prep was finally beaten. Players in the last match were: Forney, Lear Klauer, and Jorgensen.

and Cathedral in the quadrangular meet that was held at Princeton. As in previous meets Linders, the star performer captured two first and two second places. Rutgers Prep won every running event and made a clean sweep of the mile. The final score was Rutgers Prep—53; Hun School—36; Princeton Prep—15; Cathedral—6.

The annual Princeton Prep dual meet held at Neilson Field, May 23, ended in a 58-58 tie. In this meet Rutgers won practically all of the running events, whereas Princeton won a majority of the field events.

The victories of the track team speaks well for the excellent coaching of Dr. McGinn. Although track is a new sport at Rutgers, having been introduced last year, it has reached the proportion of a major sport. We sincerely hope that Dr. McGinn will continue to have as much success in the future as he has had this year.

## Text of Address Today by Mr. Potter

The Argo considers it very fortunate that it was able to obtain the text of Mr. F. Marmaduke Potter's commencement address in time for publication. To those who would care to have a written remembrance of his speech, these brief excerpts may be appreciated.

Mr. Potter will open his address by paying an eloquent tribute to a former headmaster, Dr. Elliot R. Payson.

He will refer to the speedy changes of recent years, and point out the demands upon the educated man, the subject of his address being "Education in a Changing World." He will set forth in particular four ideals for the college man.

First, there should be a man of knowledge; thorough master of at least one subject. The current depression is giving a fierce testing of the truth that sound scholarship and thorough training are the best assurance of success in life. Our times of prosperity lured many away from the long grind of preparation, to seek jobs and easy money.

In the second place, the college man should be a man of judgment. Such men are peculiarly needed in a day when passion runs high and the crowd is easily moved by the political demagogue.

In the third place he should have an international mind. The spirit of internationalism is being gradually developed, but it is youth, unhampered by old customs and traditions, who must lead us out into a better day.

The fourth demand is for men of high ideals of service, and men who look for such men among those trained in our schools and colleges.

Mr. Potter will continue by making a stirring appeal for crusaders; educated, thoroughly equipped to uphold the high tradition of our nation.

## DELTA HOUSE

In previous issues of the Argo you have met the residents of Alpha, Beta and Gamma Houses. As it has been suggested that the Delta House celebrities were being overlooked we shall attempt to give you a glimpse of them.

Cleon Dodge who is spending his first year, has made a name for himself as a swimmer, and will return to Prep next year to complete his preparation for later matriculation at Rutgers.

Next on our calling list is Ted Woodruff, also in his first year here. His future plans include either a course at Parks Air College or a return to Prep to continue his avid search for knowledge.

On the second floor we find Frank Brost, who has been a distinct aid to the track team. His plans include another year at Prep, and a course in Business Administration at Dartmouth.

George Wenz plans to go to Rutgers next year and learn all about being a farmer. Next we find Allen, who says his future plans are as indefinite as he is, although he hinted he would like to go to Roxbury.

Jack Tallman was quite engrossed in studying when interviewed. He says he hopes to finish his preparation for Rutgers at summer school. We met Proctor who says his future plans are very definite due to the depression and exams. Leonard Spence is known to everybody as "the big fish." Spence doesn't know what the future holds in store for him (who does?), but whatever it is, we know that he will be heard of in the forthcoming Olympics.

## Fine to be Engineer

## Faculty Advisors

On the third floor we met Richard Fine. This is Dick's first year here but not his last. He is planning on taking a course in chemical engineering at Rutgers.

Then we met Moore, who, when questioned, stated that his future lies in the hands of John Hopkins. Joseph was quite communicative when interviewed. He has been very active in athletics and on the Argo. He plans to go to Rutgers for a course in business administration. Bill Kott was next on our list, and from what he says we can hope to hear from him next year from John Hopkins. Jesse Arrango when questioned says he likes Prep "very much," and that we may expect to see him back next year.

To the music of Tal Henry the Spring Promenade of the Lawrenceville School was held with great success. Bob Kiesel, University of California track star, who has run the 100 in 9.1 and the 200 in 21.1, has said that he doesn't like to run.

Pingry team swamped the New-  
man netmen 8 to 1, but lost to Summit High, 3 to 2. . . . Nationally famous Casa-Loma Orchestra play for Junior-Senior Promenade at Peddie School. . . . Alumni Day a success at Lawrenceville as track team won over Hill. . . . President Hoover is ready to serve country as one dollar a year man. . . . The crooning fad is becoming extinct, due to a new type of microphone that prevents the singer from "hugging the Mike". . . .

Finally, on the third floor we interviewed Ruiz, who is interested most in swimming. Perhaps we shall hear of big things from him in the future.

We have some well-lit faculty members in our house, Mr. Laramore and Mr. and Mrs. Thatcher. Both men have always been willing to assist the boys in whatever way possible, and Mrs. Thatcher's delightful smile and cheery greeting have brightened many a dull day for all of us.

Now that you have read all about Delta House, you may wonder: who on earth wrote such an article. Well there is only one member in the House to blame and that is F. Pattberg who spent this very pleasant year among the fellows here.

hands of Lawrenceville. In this contest Prep salvaged the first singles due to the playing of Paul Wehr, and the first doubles due to the steady playing of Wehr and Schuh. The following week Rutgers broke into print by taking the match against Montclair Academy, 4 to 1.

A match scheduled against the Rutgers Freshmen was taken by the yearling team in nine straight sets. This was the worst defeat of the season.
