FULL QUOTA SIGNS FOR TENNIS TEAM AS SEASON OPENS

Schuh, Allen and Wehr Star in Early
Tryouts; Varsity Tournament
Is Held

Practice in tennis, one of the most popular or Spring sports at Rutgers Prep, began the 5th of this month. An enthusiastic group of players appeared for the first practice of the year. Outstanding tennis men were in this group.

Schuh and Wehr seem to be in excellent shape after such a short period of preparation, and they are expected to bear the brunt of the team's attack. Schuh, last year's No. 1 player, seemingly improved every day, while Wehr, formerly of Merceburg Academy, will greatly add to the team's possibility of an undefeated season. Allen, who played at Peekskill Military Academy, shows good possibilities for making the varsity team. Snyder, a day boy, formerly playing on the Blair Academy team, and Nebel, another day boy, are also considered as possibilities for the team. Nebel won the junior tournament last year.

A contest began early this week to seek out any other team possibilities, and to finally decide the varsity team that will represent the school in the scheduled games.

A very hard but interesting schedule has been arranged which includes sending players to the Penn Interscholastics and the Princeton Interscholastics, where they will meet the very best prep school players in the east.

(Continued on Page Three)

NIEDERSTEIN ELECTED GLEE CLUB PRESIDENT

Announcement of Concert Date and Radio
Broadcasts Is Not Made as Yet

After two weeks of rest, the Glee Club again held their regular weekly rehearsal at the Gym last Sunday night. The club has been continuously active under the direction of Professor Howard D. McKinney. The date of the annual concert has not been announced as yet. According to the program of last term, there will be at least two broadcasts. Mr. Kelly plans to be able to announce that news at some later date.

At the last meeting of the club, which was held in the English room, Richard Niederstein was elected president. Niederstein has been a member of the glee club for the past three years, and is quite sure that this year's club will rank as high as those of the past.

J. KLAUER HEADS HONOR ROLL WITH 92.5 AVERAGE; SENIORS LEAD

Seniors and Freshmen in Tie for Second
Honors With Two Men Each; Sophomores Trail With Lone Member

CLASS LEADERS DROP

List Is Lower Than March Honor Roll
For 1931; Sixteen Seniors Also at
That Time

The March honor roll of twenty-one students has been issued by the office. The senior class takes sixteen places on this list. The juniors and the freshmen divide honors for the second place with two members each on the marking chart. The sophomores close up the ranks with a solitary representative.

John Klauer, a senior, heads the list with an average of 92.5. He is followed by Philip Strong, a freshman, and Richard Nebel, a senior, who tie with averages of 92 per cent. William Beardslee, a junior, comes third carrying a 91.6 average. Other high leaders are Russell Gindin, 89.5, Francis Strapp, 88.25, and Charles Smith, 88.2.

The March list has three more names than that of February. Klauer who came second on last month's roll now ranks first. William Beardslee, the February leader, stands third for March. Last month's chart contained twelve seniors, two juniors, one sophomore, and three freshmen. The leader's average was eight-tenths per cent higher than the rating of this month's leader.

In comparison with the March roll of last year the 1932 list is five members below; the earlier checkup bearing twenty-six men as compared to twenty-one this year. By a coincidence the 1931 March honor roll also had sixteen seniors listed. The junior class had five honor men and the sophomore and freshman classes had four and one members respectively.

The members of the student body on the honor roll graded according to classes follow.

Seniors—John Klauer, 92.5; Richard Nebel, 92; Francis Strapp, 88.25; Charles Smith, 88.2; Thomas O'Donnell, 86.5; Paul Wehr, 86.25; Charles Wenz, 85; Arnold Jorgenson, 83.75; Frank Pennington, 83.5; Robert Linders, 83.25; John Jablonsky, 83; Joseph La Calle, 82.75; George Wenz, 81.75; William Whalen, 81.5; Noble Warren, 81; Henry Levin, 80.25.

Juniors—William Beardslee, 91.6; Cleon Dodge, 85.8.

Sophomores—Russell Gindin, 89.5.

Freshmen—Philip Strong, 92; Willson Webb, 81.5.

Spence Brothers, G. Kojac Exhibit For Olympic Fund

Leonard and Walter Spence, world famous natators and George Kojac were the chief attractions at the exhibition meet held in the new Rutgers gymnasium last Wednesday night. The proceeds were donated to the Olympic Games Fund. A water polo game was also included in the meet. Other well-known stars competed.

Leonard Spence is a student at Prep and holds several world records. Although unable to enter the Olympics under the United States Banner, Spence, as a British subject, could be entered from any British possession. His home is in British Guiana.

TRACK MEETS TO BE AT PENN, PRINCETON

Arrangements Made for Sprinters to Enter
Major Meets of Season

With a large and enthusiastic squad reporting for daily practice, the Spring track season is now in full swing. All indications point toward a successful season.

Negotiations are under way for a track meet with Pingry. The exact date, however, has not been set. On Friday, April 22, comes an informal meet at Lawrenceville, which is to be similar to the one held during the winter. While this will be a practice meet in all respects, a point score will be kept. The relay teams that will compete at the Penn Relays on the following week will be featured.

Relays at Penn

The Penn Relays, one of the prep school classics, will be held April 30 at Franklin Field, Philadelphia. All of the leading schools of last year will compete. The Rutgers Prep team will consist of Linders, Stengel, O'Donnell, and a fourth member who has not as yet been chosen. The likely candidates for the position include George Wenz, Joseph La Calle, Franklin Brost and William Kott.

The Princeton Interscholastics, scheduled to take place on May 14 at Princeton University, will be the next important meet. Such Eastern prep schools, long famous for their success in track athletics, as Merceburg, Peddie, and Hill will compete. All

(Continued on Page Four)

BASEBALL TRYOUTS BEGIN AS PROSPECTS REPORT FOR PRACTICE

Six Veterans Form Nucleus of New Rutgers
Team in Initial Call Issued by Coach
Brown; Lins Expected on Mound

The first call for baseball brought out many candidates. Among these were Grossman, Klauer, Joseph, Jacobs, Strapp, Raab, Najavits, Jablonsky, Pennington, Hart, Fertig, Braid, O'Connor, Proctor and Lins, all-state pitcher of last year's New Brunswick High School team. Charles H. Brown is very optimistic concerning the schedule to be played this year: ten games having been scheduled along with several practice games with both New Brunswick High and St. Peter's High. The outlook for the coming season seems extremely bright among the authorities.

Several men who were on the baseball squad of last year are out again this year. This group includes Grossman, S. S.; Klauer, 3rd base; Strapp, 2nd base; Raab, R.F.; Jacobs and Joseph, utility fielders. These boys will form the nucleus of the 1932 pill chasers.

Schedule Is Heavy

The schedule for this season is one of the toughest that a Prep nine has ever had to face. Among the teams that Prep is to play are

April 22, Pingry Prep, Home; April 30, Kingsley Prep, Home; May 4, Lawrenceville, Away; May 7, Morristown School, Home; May 11, Wardlaw, Away; May 14, Newark Academy, Away; May 21, Princeton Prep, Away; May 28, Open; June 1, Newton Academy, Home.

These opponents of Prep are all formidable, and are likely to prove very hard nuts to crack.

Team Needs Support

Since all the boys who are out for the team wish to have the cooperation of the school as a whole, especially at the games to be played at home, there should be a large group of supporters to back up the team. Last year many boys exhibited comparatively little interest and failed to attend the home games, to say nothing of the games that were played away. The baseball squad hopes that this year will witness new interest and a greater demonstration of school spirit on the part of a large group of students who have the school's interest at heart.

There is to be a midget nine coached by Mr. Hartman this year. He is also hopeful and considers the prospects for a successful season very favorable.

The Driving Force

Possibly the worst trait that a man can possess is to be too obviously self-centered. As a child he is called stuck-up and increasing years bring changes in the epithet but not the thought. He is doomed to go through life with many enemies and few friends. Unless he is absolutely a genius his whole existence will be a failure and his memory will be short lived and unpleasant.

And yet which of us is not an egotist? If we make gifts when there is no chance for return it is because of the feeling of nobility which we know we will experience. If we tell little white lies it is not only to protest some one else but to smooth over the course of our own lives. For every generous action, for every "beau geste" which we make, we are sure of our reward, whether it be emotional or otherwise.

What would humanity come to if it were not for this despised and smothered selfishness? There would be no progress. No one would try to better what his neighbor had done before him for fear of injuring his feelings; no one would forge above his fellows, for ambition, which is the driving force of egotism, would be gone. Stagnation, that living death, would set in and man would become then less than the beasts in the field.

And, yet, the mortal who is unconsciously honest enough to face the fact of man's essential selfishness squarely is derided and avoided. Surely, we should realize that this man is either wonderfully brave or wonderfully stupid. In either case, he is not deserving of one treatment which he gets. If the principle of "let him who is without sin cast the first stone" were adhered to, it is possible that we should be brought to a fuller realization of our own natures.

California Chain College Proposition Will be New Education Development

West Coast Educators Introduce Novel Plan
To Place Higher Education Facilities
Within Reach of All

Application of the chain-store idea to higher education in California was the subject of an investigation by a commission of seven eminent educators which has been holding a series of hearings here and in Sacramento under the direction of Dr. Henry A. Suzzallo of the Carnegie Foundation.

No one presumes to anticipate the report of the visiting experts. Authorities of the University of California, however, hope the commission will sustain their objections to a chain-store system of colleges and thus strengthen the opposition to the proposal when it comes up again in the next Legislature.

Opposed by Educators

In the face of opposition by the administrative and academic officers of the University of California, at Berkeley and at Los Angeles, the bills which would have opened the door for the chain colleges to enter the field all but passed. Their failure to do so was due to no legislative respect for the protests of President Robers Gordon Sproul and the university faculty members

who held with him and were sustained by Dr. Nicholas Murray Butler and other eminent educators from without the State.

The defeat of the scheme last year was looked on by the chain proponents as merely a postponement. It is certain to be a lively item on the next legislative program. In the meantime much promotion has been carried on by the communities which hope to benefit by large expenditures of State money for college plants.

Advertising a Factor

Perhaps even more alluring is the prospect of four-year student bodies to carry the fair name of each favored city into intercollegiate football. The use of amateur athletics for advertising purposes has the prestige of very eminent Chamber of Commerce precedent in California although up to date it has not been done at State expense. Incidentally, of course, there is some argument advanced for the advantage of having a college in every one's back yard, so to speak.

University of California authorities, proud of the high place it has achieved, jealous of its recognized rating as a genuine university despite the pressure for enrollment, are fearful that the chain system will dissipate the resources the State can devote to higher education.

—Frederic F. Forbes.

RANDOM NOTES

Carroll Lear's former rendition of "When The Moon Comes Over The Mountain," which has held the record for lusty rhythm for some months, is about to be eclipsed, according to the occupants of Delta House, by George Wenz's "If You Love Me Like You Say You Do," which, strangely enough, is sung with particularly touching pathos in the interval between roll call and breakfast.

* * *

According to "The Eye," anonymous contributor to this column, an organization has been formed in Gamma House known as the "Three Marx Brothers." The meetings, according to our mysterious informer, have been held with the utmost secrecy, but with concrete results which have proved markable. An investigation has been launched, under the supervision of Mr. Brown.

* * *

Mr. and Mrs. Kelly spent a portion of the Easter vacation at the Barbizon-Plaza Hotel in New York. The Argo takes this opportunity of welcoming Mrs. Kelly, who is rapidly convalescing from her recent operation, back to the school.

* * *

We are glad to report that Mrs. Cook, who underwent a serious operation at St. Luke's Hospital in Pittsfield, Mass., on April 2nd, is much improved at this time.

We hope that she will soon be able to resume her visits at the Trap. They are always enjoyed both by the teachers and the boys. Mr. Cook is spending this week-end in Pittsfield.

* * *

The Spring vacation passed uneventfully at the Trap, which presented during that time a decided contrast to its usual "resonant" activity. All the boys were at home or visiting friends, as were also the teachers, with the exception of Mr. and Mrs. Thatcher, and Mr. Laramore, who spent a portion of the vacation there.

* * *

According to a confidential report reaching this representative of the Argo, Spring has arrived not only climatically but psychologically as well. Whitaker is said to have been observed throwing kisses to the budding trees across the picturesque Raritan; and Lear was discovered one balmy night making wishes to the moon. Can one wonder that we wonder?

* * *

Mr. and Mrs. Neal and son, Philip, who are now at the Hun School, were guests at the Trap last Sunday. Philip reports that the fishing around Princeton, while not up to his expectations, is somewhat better than that in the Delaware, and Raritan Canal.

* * *

Among the alumni who visited the school recently was Norman Davis '30. Norman is making a good record at Lehigh University, at Bethlehem, Pa., both scholastically and in track. He is a member of Theta Chi fraternity.

Cribbed From Contemporaries

"My tux shirt used to belong to an Indian," moaned the precocious prom-goer, "and it constantly creeps up on me."
—Humbug.

* * *

Phi Tau: Let's turn out the lights and pretend that we're in heaven."
Alpha Gam: "But, honey, I'm no angel."
Phi Tau: "I know—that's why I turned out the light."
—Green Goat.

* * *

She: "I simply adore that funny step. Where did you pick it up?"
He: "Funny step, huh. I'm losing my garter."
—Punch Bowl.

* * *

Peeking Tom (consulting his watch): "Yes, I'm a shade ahead of last night's schedule."
—Ski-U-Mah.

* * *

"Gentlemen, I think that we glue manufacturers must stick together."
"The feeling is mutual."
—Penn-Froth.

* * *

Customer: "Hey, waiter, were these catfish dead before they were cooked?"
Waiter: "Sure, I skinned them alive and they died of embarrassment."
—Skipper.

* * *

I call my bathtub diamond because it's a setting for a ring.
—N. Y. Medley.

Mabel: "Are you to be tried before a good judge?"

Hazel: "Am I! This fellow knows a fine ankle when he sees one."
—Punch Bowl.

* * *

He: "Were you married secretly?"
She: "Why, yes. Didn't you read about it in the tabloids?"
—Longhorn.

* * *

"What was the cause of the accident at the corner?"
"Two motorists after the same pedestrian."
—Green Gander.

* * *

"And you saw the football game between the Undertakers' College and Grave Digger's University? What was the high point of the struggle?"
"When the Undertakers kicked a ghoul."
—Belle Hop.

* * *

Maid: "There's a woman outside with a man."
Old Maid: "Tell her that I'll take him."
—Kitty Kat.

* * *

Frosh: "I want a dime chocolate bar."
Clerk: "Nuts?"
Frosh: "Nuts yourself, you impolite oaf."
—Lafayette Lyre.

TUITION AT LEHIGH COMPARES FAVORABLY TO OTHER COLLEGES

Endowments and Gifts Results in Reduction
Of Payments by Students; Health
Service Is Maintained

Lehigh University was chartered by the Legislature of Pennsylvania by an act dated February 1866. In 1865 the Hon. Packer of Mauch Chunk inaugurated a movement to provide an institution that would afford training and education in the learned professions as then recognized, and in technical branches, the importance of which was then becoming apparent in the development of the industrial and transportation interests of the country. He made an initial donation of a large tract of land for this purpose and the sum of \$500,000 to which he added largely during his lifetime and by his will.

Since its foundation the equipment and resources of the university have steadily increased through the continued interest of the University's trustees, alumni, and friends. The present endowments total over \$5,000,000.

The Student's Health Service, organized in 1923, has general charge of all health and sanitary measures in the University. The work of the department is organized under four heads: Sanitation, Physical Examinations, Dispensary Service, and Education.

Nineteen Buildings on Grounds

The University occupies nineteen buildings, and its grounds cover one hundred eighty acres on the North side of South Mountain, overlooking the valley of the Lehigh River and city of Bethlehem.

FULL QUOTA SIGNS FOR TENNIS TEAM

(Continued from Page One)

The courts are crowded every day with players, and Mr. Thatcher, the supervisor, ably assisted by Manager Pattberg, are kept busy in arranging the court schedule.

The first match of the season, on April 26th, is with Pingry School, of Elizabeth. An interesting match may be expected, as Pingry will attempt to atone for the defeat Prep handed them last fall on the Queen City courts.

Proctor acquired a new girl over the holidays, or so it appears from the pink letters he receives almost daily, and from those in his handwriting to a maiden named "Doris," collected as often by the house teachers.

* * *

Of the various modes in tennis apparel now on display on the courts every fine afternoon, the most striking, according to the consensus of opinion, is the shirt worn by Whalen. It is backless, the motif, Whalen says, being "nature."

* * *

Mr. and Mrs. Thatcher expect as their guest over the weekend of April 22nd, Mr. and Mrs. Eugene Blystone, of Jackson Heights, Long Island.

BETA HOUSE (By A Representative)

Glancing under the roof of the Beta House, with its ten members, one might find that feeling of fellowship, that seems to be lacking in the rest of the houses. Beta is the smallest of the four houses, but inside is surging the emotion which gives her the qualities that one wishes to find in something real. Her occupants are real and loyal.

On the third floor, there are five members. Starting with Frank "Si" Tremain, alias "Gigilo Si," who is especially noted for his keen intellect as a radio mechanic, it is obvious that this member, the house representative, has found his place among the fellows.

To the right of "Si's" room is Raul Morejon, better known as "Mooch." He was at Prep last year and hails from Havana, Cuba. (This cold weather up here doesn't seem to bother him much either.)

"Professor" is in Beta

On the left of "Si" is Stuart Whitaker, known to many as "Whitaky." Stuart had been experimenting in one of sciences' latest discoveries and constantly pursues this vocation.

Across the hall from Stuart's room is Jose Maria Beguiristain; "Joe" in other words. Joe comes from Cuba, too, but a few hundred miles from Mooch. His home is in Matanza. Joe likes it there, as he takes much pride in telling about the place. (We don't blame him either.)

Next to Joe is Richard Niederstein. Dick, it is said, is being "Spiritually Up-lifted." What will be the outcome? And who is Ann, Sally, Else, and Marie?

Now, as we descend the stairs, we find on our left Bonham Head's room. Bonham, better known as "Hatchet," was one of our football players this year. But, now, he and a certain young miss from Highland Park have been exchanging opinions on such subjects as War, School, and— (Well, he has her picture, anyway).

SPRING TRAINING BEGUN BY GOLFERS

Four members of last year's golf squad form the nucleus for the new 1932 team. Whitehead, Forney, Whalen, and Jorgenson are the hopeful candidates for the season honors. Two new promising additions have been added to the team in the persons of Carroll Lear and Charles Stengel. Stengel was captain of the link team at Newark Academy. He will be able to play in only one meet, however, due to his track activities which will prevent him from practicing. This will be the first contest of the season.

According to William Whalen, the team expects that the dual meets with Lawrenceville and Hun will prove the hardest.

"Fortunately, said Whalen, most matches will be played upon the home course. Many mental hazards common to a golfer upon a new course will thus be removed. Every vacant date for a match has been filled except one."

Charles Whitehead has been elected captain of the team, and Robert Howard has been named as manager.

TUITION AT LEHIGH COMPARES FAVORABLY WITH OTHER COLLEGES

(Continued from Page Three)

Candidates for admission to Lehigh University must be at least sixteen years of age, must present testimonial of good character and must be qualified in fifteen entrance units as follows: English, 3 units; Foreign Language, 2 units; History, 1 unit; Intermediate Algebra, 1/2 unit; Elementary Algebra, 1 unit; Plane Geometry, 1 unit; Elective Subjects, 6 1/2 units.

No Certificate Arrangement

Lehigh University has no permanent arrangement with any school whereby certificates are accepted in lieu of entrance examinations; but certificates are generally accepted from first class high schools. Upon completion of his course an applicant for admission by certificate should request his school principal to send to the Registrar a complete record of his work.

Necessary expenses for the collegiate year are estimated at \$600 in addition to tuition. A student who gives satisfactory evidence of his inability to pay his expenses may apply for aid from the loan funds of the University.

Placement Bureau Maintained

The heads of the various technical curricula of the University cooperate with graduates in securing suitable professional openings. Similarly, students who desire to teach are assisted in finding positions by the Teacher Placement Bureau.

A student who has taken the bachelor's degree or a degree in technology at any recognized college may be admitted as a graduate student, and by permission of the Graduate Board may pursue studies leading to the degree of Master of Arts or Master of Science.

For students with special capabilities in certain subjects there are numerous scholarships available and in addition there are numerous loan funds available to deserving students.

There are many student organizations with which students are urged to become affiliated. Most of the national fraternities have chapters at the university, and in addition there are several local fraternities.

PERSONNEL BOOK ISSUED

A new book called "Student Development" published by Isaac Pitman and Sons takes up the problems that confront everyone who goes on from high or prep school to college. It was written by J. E. Walters, Director of Personnel at Purdue University. Informative folders on this book may be obtained from the editor of The Argo.

COURTING THE MUSES

One Hour With You . . . Maurice Chevalier, Jeannette MacDonald.

An amusing skit of the "French" sort in which a young married doctor is driven by the course of events into an *affaire* he doesn't want.

* * *

Tarzan of the Apes . . . Johnny Weissmuller, Maureen O'Sullivan.

Exciting adventures in a primitive jungle. A small group of white ivory-hunters break into the unknown. They are charged by hippopotami but rescued by pygmies and thrown into a gorilla's den, when again their saviour comes to their aid and vanquishes the anthropoid in a hand-to-hand encounter. Added to these and other thrills is the love element, ably portrayed by Maureen O'Sullivan. The best acting, however, is done by a young chimpanzee.

* * *

Hell Divers . . . Wallace Beery, Clark Gable.

A story of the navy air force. Plenty of amusement, several thrills, and a sobby ending. Go if you are interested in airplanes.

* * *

It's Tough To Be Famous . . . Douglas Fairbanks, Jr.

This one was once a swell book with a swell title, "The Goldfish Bowl." Why the movie people changed it is beyond us. It's about the trials and tribulations of a young navy officer who becomes a hero by doing the only possible thing to do in a crisis. He is press agitated until he reaches Lindbergh's dimensions, then forced to suffer to keep his sense of proportion.

NIEDERSTEIN ELECTED GLEE CLUB PRESIDENT

(Continued from Page One)

The club this year can boast of a new member of whom it is quite proud. This new recruit is Richard Keating who was chosen last year as the best boy-voice in Vermont. All those who attend the concert, or are fortunate enough to hear the broadcasts, will certainly enjoy his splendid tones.

Among the songs which will probably be heard are the following:

The Bell-Man	Cecil Forsyth
Scottish War Song	Max Bruch
(Arr. by Howard D. McKinney)	
Jolly Fellows	W. Rhys-Herbert
Ride out on Wings of Songs	William Berwald
The White Road Westward	Raymond Mitchell
In the Luxembourg Gardens. From	
Sketches of Paris	Manning-Nash
Out of the Night	Ellis-Nash

ELECTRICAL COLLEGE OFFERS INVITATION

The dean of the electrical engineering school at the University of Pennsylvania has sent an invitation to the school through Mr. W. P. Kelly, headmaster, to visit the engineering college on April 23. Students from all sections who are interested in engineering have been invited to attend. Dean Pender hopes that a sight-seeing trip of the college's machinery might arouse some interest for a technical education among the visitors.

(Continued from Page One)

field and track events will be featured. Rutgers shall make a far better showing than last year when it placed fourth in its class.

Dual Meet With Princeton

The annual dual meet with Princeton Prep occurs on Monday, May 23. A silver cup is offered, and this trophy is held by the winning team for the following year. The cup now is in possession of Prep. The final meet of the season will be the State Interscholastics on May 28. Several men will be entered in each event.

A regular schedule of track events supplemented by gym work is being conducted daily.

On April 9, the relay candidates competed in trials for the full distance of 440 yards. Captain Bob Linders won the trial. O'Donnell, G. Wenz and Kott followed closely behind him. In spite of the slow track and inclement weather, the winner's time was 54.7 seconds. More trials will be held before April 25, when the final makeup of the team will be made known.
