SECOND SEMESTER STARTS FOR PREP; COMMITTEE LEADERS MAKE NEW PLANS

Editor's Note: (The following three paragraphs have been written by the leaders of the three committees sponsored by the Student Council.)

During the second semester, the International Fund Committee plans to do several things, which will be both enjoyable to the students and which will also help raise money so that the School can have an exchange student next year. The Committee, right now, has two main projects in mind: one in cooperation with the Cheerleading Club, and the other in cooperation with the Folk Music Club. The Cheerleading Club, under the direction of Ruth Cassell '65, is planning a dance along with the Committee. The dance will have a gambling casino with all profits going to the International Fund. The Folk Music Club, also in cooperation with the Committee, is planning a Hootenanny to which an admission will be charged. Perhaps there will be bake sales and a carnival in the Spring.

by Michael Jacobs '64

As the Student Council's largest and most active committee, the Dance Committee has functioned very efficiently during the first semester. Its efforts culminated in the successful Christmas Dance. During the first semester casual and semi-formal dances were planned by the Dance Committee and the Varsity 'R' Club, backed up by the Poster Committee. This half of the year, I look forward

to a socially active season in which more groups will cooperate to plan a calendar composed of more varied types of functions. The Committee plans to sponsor one big dance in the Spring, and there are hopes that this dance can be arranged with other schools if the N.J.A.S.I.S.C. meets in the near future. The Folk Music Club and the Cheerleading Club both plan to add highlights to the schedule.

R.P. SOCCER TEAM WINS CHAMPIONSHIP

by Bob Yacknowitz '64

The Rutgers Prep Soccer Team finished its season by receiving a trophy for the Independent School Group 'B' State Championship. The Senior members on the team are Ed Huber, Jim Gunkle, Ken Krafchik, Bob Yacknowitz, Ben Pickar, Pepper Konowitz, Ed Gorchinski, Gene Warshaw, Nick Rosenblum, Russ Bey, Roy Eskow, and Captain Mike Jacobs.

Last year Prep was only able to tie Wardlaw for the trophy. This year, the Prep squad almost did not win because of schedule difficulties with two small schools resulting in a cancellation of two games. Prep's 2-1 victory over Edison helped convince the group 'B' judges.

Although Prep will lose many valuable players this year, Juniors Mike Gottlieb, Ray Peachey, and Bill Landau lead next year's team.

The Volunteer Committee is currently planning two projects suggested by the Red Cross. The Committee has decided to make a dramatic tape recording of a story for blind children. This program was started by the honor students of a North Jersey school, and if enough schools participate in this program the Red Cross hopes eventually to have a tape library of children's books. Members of the Committee are now studying the script of *My Father's Dragon* - and they plan to work over and record one of the eight chapters a week. Mr. Thomas Dumerac is helping with the dramatics and Mr. George Zezenski with the recording.

NEW STUDENT ENTERS SCHOOL AT MID TERM; LIKES SMALL CLASSES AND MORE FREEDOM

It isn't very often when a student enters Rutgers Prep after the beginning of the school year. Howard Krisburg '65 entered Rutgers Prep in January after leaving New Dorp School of Staten Island, New York.

While a student at New Dorp School, Howard liked it's large facilities and many activities besides the best football team in New York City. In Rutgers Prep, he likes the small classes and the comparatively more freedom than what he had at his previous school.

When asked if he finds the curriculum at Rutgers Prep different than that of New Dorp School, Howard replied that they are very similar, except for the advance subjects which Rutgers Prep offers.

Howard's only problems at Rutgers Prep are Chemistry and French. He is having difficulty with these subjects because previously he did not use mathematics in Chemistry, and in French, he placed more emphasis on grammar rather than vocabulary. Nevertheless, he enjoys being a student at Rutgers Prep, and looks forward to knowing the school and it's students better.

ARGONAUTS DOWNED BY WARDLAW 60-27

by Max Hamburger '65
Rutgers Preparatory School was defeated in a swim meet against Wardlaw by a score of 60-27 on January 24th.

Mike Morse set a new school record in the four hundred yard free style, with a time of 5:33.4 over Ray Zirpolo's previous record of 5:34. Robbie Kaufelt and Tom Hillebrand placed first and second respectively in the one hundred yard breast stroke.

Mike Firczuk took second place in the one hundred yard back stroke. Tim Morse placed a very close second in the two hundred yard free style, and Nick Rosenblum place third in the two hundred yard medley.

The events were close, but the strong Wardlaw team managed to edge a decision.

RUTGERS PREP TEAM ENDS WINNING STREAK

by Jay Greengarten '66
Piscataway, behind a great second half effort, defeated the Argonauts 81-49, on January 22nd.

The score was 32-25 at the end of the first half. The Chiefs sharp-shooting in the last two quarters scored forty-nine points more, which was too much for Prep.

Leading Rutgers Prep were Bill Landau with sixteen points, Mike Jacobs with thirteen points, and Harry Spiegel with eleven. All-County Don Marsh and Jay Donovan led Piscataway to victory.
